

Pressure Managers PM 1 and PM 2

End-of-Life Information

Grundfos Pressure Managers PM1 and PM2 must be disposed of according to local regulations by using a public or private waste collection service. If this is not possible, contact the nearest Grundfos company or service workshop.

Safety Risk

- Safety related to materials used
There is no risk for people during the disassembly process posed by the materials used for the product.
- Safety related for handling the product
There is no risk for people when handling the product.

Disassembly of the Product

The main materials of the components are:

- Polypropylene (PP)
- Electronics scrap
- Rubber, NBR

and can therefore be recycled to a large extent – depending on the national possibilities for recycling.

The products are assembled using screws and bolts and can be disassembled with standard tools.

Designation	Name	Material	Special Disassembly Consideration
1	Front cover	Polypropylene	
2	Display board	Electronic scrap	
3	Cover	Polypropylene	
4	Cover	Polypropylene	
5	Housing	Polypropylene	
6	Spring	Steel	
7	Valve	Polypropylene	
8	Control board	Electronic scrap	
9	Cable	Cable scrap	
10	Sensor	Electronic scrap	
11	Base plate	Polypropylene	
12	Sensor holder	Polypropylene	
13	Housing	Polypropylene	
14	Diaphragm	Rubber	

15	Cover	Polypropylene	
Additional materials:		Screws, gaskets: Various materials less than 5% of weight.
